Stimulation of growth and nitrogen uptake by shading a rundown green panic pasture on Brigalow clay soil—J. R. Wilson, V. R. Catchpoole and K. L. Weier 134

Influence of temperature on the digestibility and growth of *Macroptilium atropurpureum* and *Panicum maximum* var. *trichoglume* in sub-tropical and tropical Australia—J. R. Wilson, P. N. Jones, D. J. Minson and Officers of N.S.W. Department of Agriculture, Qld Department of Primary Industries, N.T. Department of Primary Production, and CSIRO, Division of Tropical Crops and Pastures 145

Temperature constraints to sowing time of Leucaena in southeast Queensland—D. G. Cooksley 156

Animal production in central Queensland from the autumn-winter forage crops: Lablab, Molopo buffel grass and Zulu sorghum—T. W. G. Graham, J. H. Wilden, S. J. Wood and G. W. Blight 159

Effect of stocking rate and superphosphate level on an oversown fire climax grassland of mission grass (*Pennisetum polystachyon*) in Fiji. 1. Botanical composition of pasture—I. J. Partridge 166

Effect of stocking rate and superphosphate level on an oversown fire climax grassland of mission grass (*Pennisetum polystachyon*) in Fiji. 2. Animal production—I. J. Partridge 174

The effect of storage in cattle dung on viability of tropical pasture seeds—M. Simao Neto and R. M. Jones 180

Observations on the diet selected by Friesian cows grazing tropical grass and grass-legume pastures—R. T. Cowan, T. M. Davidson and R. K. Shephard 183

TECHNICAL NOTES:

A genetic basis for male sterility in kikuyu grass—G. J. Piggot and H. M. Morgan 34

A method for enhancing establishment of *Leucaena leucocephala* (Lam.) de Wit in infertile acid soils—L. C. Lesleighter and H. M. Shelton 36

The potential for persistence of Safari Kenya white clover by seedling regeneration—H. Philpotts 39

Occurrence and evaluation of damage caused by the root-knot nematode, *Meloidogyne javanica*, on *Desmodium heterocarpon* in the Llanos Orientales of Colombia—J. M. Stanton and R. Hernandez Mere 44

NEW PASTURE RELEASES:

Setaria sphacelata var. *sericea* cv. Solander 46

Medicago truncatula var. *truncatula* (barrel medic) cv. Parabinga 143

BOOK REVIEW:

Forage legumes for energy-efficient animal production. Eds. R. F. Barnes, P. R. Ball, R. W. Brougham, G. C. Marten and D. J. Minson 96

IN MEMORIAM:

P. C. Whiteman, F.A.I.A.S. 94

PROCEEDINGS:

Leucaena—a legume of promise—November 15, 1985 83
